

The OCHM Fund

The OCHM Fund is the unrestricted annual support, above and beyond membership dollars, which ensures that we are able to present:

Help create **bold, thought-provoking exhibits** that spark curiosity and connect our community through the stories of the past.

Virtual experiences open our doors to everyone and connects people to history, no matter where they are.

Expand access to our rich collections so history is just a click away for all.

Support the **growth of our collections** so future generations can discover, learn, and be inspired.

Your Support

The Old Colony History Museum serves as a dynamic center for lifelong learning, welcoming curious minds of all ages. Through object-based interpretation, community partnerships, and place-based education, we are committed to telling the full and inclusive story of the Old Colony—ensuring that local history continues to inform, inspire, and connect.
